Parking	Small lot; fills early
Boats	Small, hand-carried; no motors
Jumping	Own risk

Dogs	Leashed (reported)

Overview

Brohm Lake is a popular swimming lake off Highway 99 north of Squamish. Local guides describe a small parking lot that fills early on hot days, a rope swing near the lot and a tamer cliff-jump spot a little farther along the path.

We could not find the official BC Recreation Sites and Trails page for current fees or rules, and sources conflict on whether there is a boat launch. Check the official listing before you go.

Swim lake · Jump at own risk · Small lot · Hand-carry boats

Getting there

Parking The lot is small and fills early on hot days. One source says it is gated after hours, and another describes two lots, one for hikers at the south end and one for lake access at the north end.

Boats Sources conflict. Some describe a hand-carry launch a short walk from parking with no motors; others say there is no launch, so any boat must be small enough to carry to the water.

Fees We found no confirmed information on day-use fees. Check the official listing.

Know before you go

Rope swing and cliff jumping Guides say jumping is at your own risk. Check water depth and hazards before jumping, every time.

Dogs One source says dogs must be leashed at all times.

Swimming There are no lifeguards. Treat the lake as cold, deep water.

Questions

Is there a boat launch at Brohm Lake?
Sources conflict. Some describe a hand-carry launch and others say there is none. Any boat should be small enough to carry, and motors are not allowed according to one source.

Is cliff jumping safe?
Guides describe jumping as at your own risk. Check depth and hazards first, every time.

Does parking fill up?
Yes. Guides say the small lot fills early on hot days.

Are there fees?
We could not confirm. Check the official recreation site listing.

Safety checklist

Tell someone your plan Leave your route, group size and expected return time with someone you trust, and check in when you are back. BC AdventureSmart (adventuresmart.ca) has a free trip-plan form.

Check conditions the same day Look at the weather, road and trail conditions, closures and (in snow season) the avalanche forecast on the day you go, not last week. Use the land manager's page for this guide.

Set a turnaround time Pick a time to turn back whatever happens, start early, and carry a headlamp. Most trips go wrong in the last hours of the day.

Carry the essentials Water, food, navigation (map and offline GPS), light, first aid, extra layers, sun protection, a whistle and fire or shelter. A phone alone is not a plan.

Emergencies Call 911. Cell coverage is unreliable or absent in much of the Sea to Sky backcountry, so consider a satellite messenger and know your location.

Water and wildlife Wear a life jacket on the water: cold water can disable you in minutes. Carry bear spray where bears are present, keep food secured and give wildlife space.
